

Business analyst

(employee)

Do you want to revolutionize the way people manage their finances?

Gambit Financial Solutions is a leading European FinTech company developing innovative software for investment advisory. We're looking for a talented and motivated **Business Analyst (CDI - Permanent Contract)** to join our dynamic product team.

In this role, you will:

- Analyze business needs and translate them into clear, concise functional requirements.
- Collaborate with stakeholders (clients, developers, architects) to define solutions and user stories.
- Develop detailed specifications and use cases for developers and quality assurance teams.
- Participate in workshops and user acceptance testing (UAT).
- Assist in maintaining application documentation.

You are a perfect fit if you have:

- **1-3 years of experience** as a Business Analyst in a software environment (preferably SaaS).
- Strong analytical skills and the ability to understand complex problems.
- Excellent written and oral communication skills in French.
- A team player with a positive and solution-oriented attitude.
- Experience with API-first technology.
- Knowledge of the banking industry (wealth management).
- Experience with modeling techniques (BPMN, UML).

We offer:

- A competitive salary and benefits package (including car & fuel card).
- Flexible work environment with a home-working policy.
- Modern and spacious work environment in Liège (Belgium) with a fun and collaborative atmosphere.

- The opportunity to work on cutting-edge technology and make a real impact in the FinTech industry.
- Fast personal development and the chance to take ownership of your work.

Ready to join our team?

If you are interested in this position, apply now via LinkedIn or send your CV to hr@gambitfinance.com

Gambit is an equal opportunity employer and welcomes applications from all people, regardless of race, gender, disability, age, religion, or sexual orientation.
