- Experience working with unit testing.
- Experience with databases and Object-Relational Mapping such as Entity Framework or any other.
- Basic knowledge in software security including Web application security.
- Basic knowledge in cloud technologies such as Docker and Kubernetes.
- Resourcefulness and troubleshooting aptitude.
- Rigorous with quality in mind.
- Team spirit while autonomous in work.
- Motivated and flexible.
- Focused on solution.
- Good communication skills.

## What makes you stand out:

- Interested in the functional sector of banking / finance.
- Proficient working experience with modern software architecture concepts and Object-oriented conception.

## Our technical stack in a nutshell

- Languages: C#, Typescript, PowerShell
- Development: Visual Studio, ReSharper
- CI/CD: Azure DevOps pipelines (build & release), Git on Azure DevOps, Pull Requests
- Framework: NET Core,
- Middleware: Docker, Kubernetes, Kestrel, Kafka
- Databases: PostgreSQL
- Cloud: Azure, (IBM)
- Patterns: Restful API, Domain driven design
- Project Management/Communication: Teams, Jira, Confluence

## What can you expect from us?

- Full-time contract with a competitive salary package (car & fuel card included)
- Flexible working environment with home-working policy
- Modern and spacious working place in Liège (Pôle Image), including terrace, pool table, darts and excellent coffee or tea.
- Working in an inspiring Fintech spirit: A dedicated team awaits you to join them in challenging the established rules and creating a new financial environment that would be simpler and more transparent for everybody.
- Fast personal developments: As a Fintech, everybody on board has a crucial role to play and will quickly be given responsibilities. This is a great opportunity for you to challenge your skills and talents without having to wait several years to get to a position with decisional power.
- Collaboration with young and dynamic talents: Who better than millennials could build solutions for millennials (or rather anyone with the same progressive mindset)? That's why we have chosen to trust young talents who are craving innovation, to build products they would like to use.

## Work location

- HQ : 36 Rue de Mulhouse, 4020 Liège.
- Gambit as a hybrid work policy.

## About GAMBIT

Gambit Financial Solutions is a leading European expert in investment consulting, risk management and portfolio optimization. It was created as a spin-off from HEC-Liège (University of Liège School of Management).

While retaining close links with HEC, which is the driving force behind its R&D efforts, Gambit has become a fully-fledged commercial company. It has developed an international customer base and implemented its solutions in a number of well-known financial institutions in Belgium, Luxembourg, France, Switzerland and beyond. Each of these solutions has been built on a solid foundation of IT expertise and financial knowledge, with the customer in mind always.
