

Cyber Security Analyst

We are looking for a cyber security analyst or an IT auditor with a strong affection for cyber security awareness. (s)he will be in charge of monitoring all the event that would be trigger by all our security tools (EDR, Firewall, DLP, Secure configuration, web isolation, phishing report, ..). (s)he will have to analyze, categorize, treat (level 1 & 2), make the follow up & report all this event. He will join the security production team.

Gambit has some objectives to achieve in terms of maturity of cyber security. The following topics continue to grow in their maturity (and others will come): Application Security, Asset Management, Authentication, continuity management, Cyber event Management, Data Security, Identity and Access Management, Logging & Detection, Malware Protection, Patching, Privileged Account Management, Vulnerability Management.

Key Competencies

- Strong appetite in team spirit
- “Happy” mentality
- Eager to learn
- Data analytics, follow up & reporting

Experience & Knowledge

- Minimum 1 years of experience
- Strong interest in Cyber Security
- Experience with one or similar IT security topics is mandatory : X/E-DR, PAM, IAM, SIEM, SOC, DRP,CVE,DLP,MFA

Communication

- French (speaking) and English (written)

Offering

- A dynamic SME work environment with enthusiastic and talented colleagues
- The opportunity to work on your own initiative in a fast-growing SME in a dynamic field (FinTech)
- A varied working environment with a lot of room to be innovative and creative
- Fantastic career development opportunities as we keep growing
- A competitive remuneration package with fringe benefits
- A strong homeworking policy (several days per week)
- Extra benefits such as a fitness room access

What can you expect from us?

- Full-time contract with a competitive salary package (car & fuel card included)
- Flexible working environment with home-working policy
- Modern and spacious working place in Liège (Pôle Image), including terrace, pool table, darts and excellent coffee or tea.
- Working in an inspiring Fintech spirit: A dedicated team awaits you to join them in challenging the established rules and creating a new financial environment that would be simpler and more transparent for everybody.
- Fast personal developments: As a Fintech, everybody on board has a crucial role to play and will quickly be given responsibilities. This is a great opportunity for you to challenge your skills and talents without having to wait several years to get to a position with decisional power.
- Collaboration with young and dynamic talents: Who better than millennials could build solutions for millennials (or rather anyone with the same progressive mindset)? That's why we have chosen to trust young talents who are craving innovation, to build products they would like to use.

Work location

- HQ : 36 Rue de Mulhouse, 4020 Liège.
- Gambit as a hybrid work policy.

About GAMBIT

Gambit Financial Solutions is a leading European expert in investment consulting, risk management and portfolio optimization. It was created as a spin-off from HEC-Liège (University of Liège School of Management).

While retaining close links with HEC, which is the driving force behind its R&D efforts, Gambit has become a fully-fledged commercial company. It has developed an international customer base and implemented its solutions in a number of well-known financial institutions in Belgium, Luxembourg, France, Switzerland and beyond. Each of these solutions has been built on a solid foundation of IT expertise and financial knowledge, with the customer in mind always.

How to apply
